Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 21 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with hazy sunshine. Turning less settled from Wednesday night.

Today:
Any mist or fog will clear by mid-morning, leaving a dry day with hazy sunshine shining through thin high-level cloud. Feeling warm due to light winds. Maximum temperature 19 deg C (66 deg F).

Tonight:
After a clear evening for many, cloud will gradually spread in from the northwest overnight perhaps bringing a little patchy rain. Breezy in the north. Minimum temperature 11 deg C (52 deg F).

Wednesday:
Dry but breezy through much of Wednesday, with frequent sunny spells developing as the cloud breaks up through the morning. Patchy rain will cross the region overnight. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
Staying breezy on Thursday with patchy rain, but brighter in the north. Cloudy with patchy light rain on Friday. Brighter on Saturday, though a few showers are possible.
